**Authorizes grants to California's 13 children's hospitals**

## Prop. 3 will save kids' lives by:

### ✓ Expanding services and bed capacity

Pediatric population expected to grow 35% by 2030.

### ✓ Investing in technologies that improve treatments

for children with cancer, leukemia, heart defects, sickle cell anemia, diabetes, and premature birth

### ✓ Making hospitals safer during earthquakes

## Prop. 3 is not a tax measure

Bond costs: Less than 1/10 of one percent of the state's annual budget or \$1.75 a year for each Californian for 30 years

**Please show your support for all California children's hospitals and vote Yes on 3!**
