

10/6/20 "Irritable Bowel Syndrome: Diagnosis and Treatment in 2020"

Presented by: Robert Rothbaum, MD

Pediatric Gastroenterology
UCSF Benioff Children's Hospital Oakland

Objectives:

1. Identify the key diagnostic characteristics of irritable bowel syndrome.
2. Examine the pathophysiology of irritable bowel syndrome.
3. List Compare available therapies for irritable bowel syndrome, including recognition of varying patient and family preferences due to educational, socioeconomic, or cultural factors.

10/13/20 "Mechanistic Links between Obesity and Cancer"

Presented by: Steven D. Mittelman, MD, PhD

Professor, Department of Pediatrics, Endocrinology
Chief of Pediatric Endocrinology, Mattel Children's Hospital
Member, JCCC Cancer and Stem Cell Biology Program
University of California Los Angeles

Objectives:

1. Identify three ways that obesity increases cancer incidence.
2. Describe three ways that obesity impairs leukemia treatment outcome.
3. Assess how the increased burden of obesity contributes to poorer cancer outcomes in racial and ethnic minorities.

10/20/20 "COVID-19 and the Upcoming Respiratory Season"

Presented by: Ann Petru, MD, FAAP

Division Director, Infectious Diseases
Medical Director, HIV & AIDS
UCSF Benioff Children's Hospital Oakland

Objectives:

1. Describe the risks and benefits of influenza vaccines in the setting of the COVID-19 pandemic.
2. Interpret the latest literature and data about COVID-19 that inform current public health guidelines and hospital policies.
3. Describe the rationale behind testing protocols for SARS-CoV-2 and the tests that are currently available.

10/27/20 "Gene-environment Interplay and The Biology of Misfortune"

Presented by: Tom Boyce, MD

Professor Emeritus, Pediatrics and Psychiatry
UCSF School of Medicine

Objectives:

1. Explain the neurobiological consequences of exposures to toxic stress.
2. Acquire improved responsiveness to the social stratification of stress-related morbidities.
3. Recognize the origins and implications of individual differences in stress reactivity.
