

## 9/3/19 "Rare disease diagnosis in Pediatrics: The Future is Today"

Presented by: Bryce Mendelsohn, MD

Physician-Kaiser Oakland Medical Center

Objectives:

1. Identify clinical presentations that are likely to be amenable to a genetic diagnosis.
2. Assess the scope and limitations of common genetic testing technologies.
3. Recognize the current controversy as to the definition of "clinical utility" for genetic testing in pediatrics.

## 9/10/19 "Integrative Medicine for Cancer Patient Care"

Presented by: Amy Matecki, MD, FACP, MSc. L.Ac.

Medical Director, Center for Integrative Medicine  
Comprehensive Cancer Service,  
Sutter Health Alta Bates Summit Medical Center  
(Master of Science; Licensed Acupuncturist)

Objectives:

1. Identify side effects from cancer treatments that can be managed through Integrative Medicine Care.
2. Describe the scientific studies for conditions treated with acupuncture.
3. Explain safe uses of common complementary therapies more clearly to pediatric patients and their families.

## 9/17/19 "Pediatric Voice Clinic – Evaluating Dysphonia and Speech Issues in the Child"

Presented by: Josephine Czechowicz, MD

Pediatric Otolaryngologist  
UCSF Benioff Children's Hospital San Francisco

Objectives:

1. List the three most common causes of hoarseness in children.
2. Explain medical and surgical options for voice restoration for children with unilateral vocal fold immobility.
3. Distinguish hypernasal from hyponasal vocal resonance, list risk factors and describe treatments.

## 9/24/19 "Psychiatry Consultation-to-Pediatrics: Emerging Models to Expand Access to Mental Health Care"

Presented by: Petra Steinbuechel, MD

Director, Psychiatry  
Medical Director, Mental Health & Child Development  
UCSF Benioff Children's Hospital Oakland

and Chuan-Mei Lee, MD, MA

Assistant Clinical Professor, Psychiatry  
UCSF School of Medicine

Objectives:

1. Explain prevalence of pediatric mental health disorders, the impact of delays in identification and treatment, and the benefits of consultative models compared with traditional models.
2. Describe core features of a successful consultation model.
3. Utilize methods for developing effective consultation questions that improve patient care and provider practice.

**Grand Rounds takes place in the Outpatient Center 1 Auditorium, 8:00-9:00 am (unless otherwise noted).**

UCSF Benioff Children's Hospital Oakland is accredited by the Institute for California Medical Association to provide continuing medical education for physicians.

UCSF Benioff Children's Hospital Oakland designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
