

1/5/21 "Pediatric Medicine and Oral Health 2021"

Presented by: Michael Suh, DDS

Pediatric Dentist

La Clinica Dental at UCSF Benioff Children's Hospital Oakland

Objectives:

1. Encourage all families to establish dental homes by the child's first birthday.
2. Differentiate between true, urgent, and minor dental emergencies.
3. Identify medical conditions that manifest gum disease.

1/12/21 "Bilirubin Update: A Review of the Literature and of the Northern CA Neonatal Consortium Phototherapy Guidelines"

Presented by: April Zaat, MD

Pediatrician

UCSF Benioff Children's Hospital Oakland

Objectives:

1. Recognize the limitations of the current AAP phototherapy guidelines.
2. Examine data regarding potential risks of phototherapy.
3. Use a literature-based approach to examine the Northern CA Neonatology Consortium phototherapy guidelines.

1/19/21 "Chasing Healthy Outcomes During COVID-19 Times"

Presented by: UCSF Benioff Children's Hospital Oakland

Lydia Tinajero-Deck, MD

Pediatrician

and

Lourdes Juarez, CPNP

Assistant Clinical Professor at UCSF SON Family Health Care Nursing

Pediatric Nurse Practitioner Primary Care Clinic

Objectives:

1. Describe UCSF Benioff Children's Hospital Oakland's Primary Clinic's Chasing Healthy Outcomes Clinic which provides more intense support to achieve healthy behavioral changes.
2. Identify how COVID-19/shelter in place has impacted children and adolescents' weight particularly in the African-American and Latino communities.
3. Recognize how food insecurity, dietary intake, and physical activity challenges during the pandemic affect clinic practice.
4. Recommend practical tools to help families during shelter-in-place and the pandemic.

1/26/21 "Type 2 Diabetes: No Longer Just an Adult-Onset Disease"

Presented by: Shylaja Srinivasan, MD

Assistant Professor of Pediatrics

University of California, San Francisco

Objectives:

1. Identify the epidemiology and risk factors of type 2 diabetes in youth.
2. Evaluate the current management strategies for type 2 diabetes in youth.
3. Discuss newer therapeutic strategies and future directions for management of type 2 diabetes in youth.
