

### **3/2/21 "Neonatal Potpourri"**

Presented by: Nandita Mandhani, MD

Neonatology  
UCSF Benioff Children's Hospital Oakland

Objectives:

1. Identify disorders detectable by CA Newborn Screening program in 2020.
2. Examine controversies surrounding Vitamin K: oral vs intravenous update.
3. Describe and utilize the next steps if an infant fails discharge hearing and cardiac screenings in the NICU.

### **3/9/21 "Pain, Opioids, Kids, and COVID"**

Presented by: Stephen Long, MD

Pediatric Anesthesiology  
UCSF Benioff Children's Hospital Oakland

Objectives:

1. Identify risk factors for opioid overdoses in children as they relate to COVID.
2. Explain the physiology of an opioid overdose.
3. Describe pediatric opioid prescription patterns and trends.

### **3/16/21 "Review of Pediatric Movement Disorders"**

Presented by: Ana Grijalvo Perez, MD

Pediatric Neurologist and Movement Disorders Specialist  
UCSF Benioff Children's Hospital San Francisco

Objectives:

1. Recognize the most common type of pediatric movement disorders.
2. Describe useful signs in the neurological exam of movement disorders.
3. Utilize best practices for differential diagnosis of the most common movement disorders and identify treatment options.

### **3/23/21 "I Want to Know What You Want to Say: Supporting Communication Development in Children with Down Syndrome"**

Presented by: Noemi Alice Spinazzi, MD, FAAP

Attending Physician - Primary Care  
Medical Director - Down syndrome clinic (Charlie's Clinic)  
Director - Developmental and Behavioral Pediatrics resident rotation  
UCSF Benioff Children's Hospital Oakland

and

Bettina Larroude, Ed.D., CCC-SLP

Bilingual Speech-Language Pathologist, Feeding Specialist  
Oakland, CA

Objectives:

1. Describe the medical issues that affect children with Down syndrome that affect communication development.
2. List interventions that can support the development of a child's spoken language.
3. Explain the role of sign language in supporting communication in children with Down syndrome.
4. Identify types of alternative and augmentative communication (AAC) that can be used to support communication for a child with Down syndrome.

**Grand Rounds is by Zoom only. 8-9 am:** [https://ucsf.zoom.us/webinar/register/WN\\_dc2luy6gRwihqfgz40aLzw](https://ucsf.zoom.us/webinar/register/WN_dc2luy6gRwihqfgz40aLzw)  
**Meeting ID: 952 8044 6125 Password: 246806 (dial in numbers will appear after one-time registration.)**

UCSF Benioff Children's Hospital Oakland is accredited by the California Medical Association to provide continuing medical education for physicians.

UCSF Benioff Children's Hospital Oakland designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

For CME credit, evaluations must be completed and sent to [Cristina.Fernandez@ucsf.edu](mailto:Cristina.Fernandez@ucsf.edu) by 6pm the day after Grand Rounds.

## **3/30/21 "Pediatric Asthma: Not as Straightforward as You Were Taught"**

Presented by: James Naprawa, MD

Emergency Medicine

UCSF Benioff Children's Hospital Oakland

### Objectives:

1. Apply improved methods for determining asthma in young children presenting with wheeze/cough.
2. Recognize challenges of history-taking and physical exam in treatment of pediatric asthma.
3. List the most effective therapies for acute asthma exacerbations.
